Attorneys for the family of Othel Moore will release never-before-seen video of the in-custody murder of Othel Moore, Jr. by correctional officers at the Jefferson City Correctional Center (“JCCC”) on December 8, 2023 in Jefferson City, Missouri.

“This graphic video evidence shows the unjustified and brutal murder of Othel Moore, a healthy 38-year-old Black man, by correctional officers at the Jefferson City Correctional Center. The video also highlights the complete disregard for the sanctity of life, deliberate indifference and failure to provide emergency medical care to Othel by the medical providers from Centurion Health. Based upon the objective evidence, four officers have been charged with felony murder. This is one of the most egregious prison death cases in America and Black men continue to die at alarming rates within the Missouri Department of Corrections,” Andrew M. Stroth, civil rights attorney.

The attorneys for the Moore family will share this video evidence from JCCC and discuss it at a press conference on Tuesday, October 29th. Video will be made available to the press immediately following the press conference.
